- **Sky Road to Provide Power Market Analysis for Integrys Energy**
 - Sky Road signs energy client to Power Platform
- Integrys to utilize pre-trade analytics and research tools for power markets

Chicago, IL – 18 February 2008 – Sky Road LLC, a leading software-as-a-service solutions provider to the financial community, today announced Integrys Energy Services (Integrys Energy) as the first client to go live on the recently launched Sky Road Power Platform.

As a leading retail and wholesale products provider, Integrys Energy was in need of a comprehensive ASP solution that could provide detailed analysis of the North American power markets. The Sky Road Power Platform offered Integrys Energy the benefits of a robust hosted platform that can evolve to meet their growing needs.

Dan Verbanac, Chief Operating Officer of Integrys Energy, says, “Integrys has always believed in the importance of innovation when it comes to our company’s products and services. Likewise, we look for partners whose innovations continue to improve the efficiency of the energy industry. The Sky Road Power Platform is ideal for Integrys as it gives us efficient access to the vast universe of power data. We were pleased with Sky Road’s understanding of the power markets and their ability to quickly adapt solutions to meet our needs.”

“We’re very excited to be working with Integrys to support their power business,” says Mark Froese, head of the Sky Road Energy Group. “The signing of Integrys Energy, a prestigious energy firm, is a testament to our dedication to providing cutting edge analytics and research tools for the power markets.”

John Borse, CEO of Sky Road, comments, “The addition of our first energy client comes at an exciting time for us with the recent launch of the Power Platform, a product which we expect will become the solution of choice for the power industry.”
